Music and the Arts: Accentuate the Positive

Including Songs, Rhymes, Musical Stories, Dances, Creative
Movement & Instrumental Activities

For teachers of pre-school and early primary aged children

Come along to **single day** packed full of repertoire and classroom ideas to put the spring into your step as you head into the busy end of year. Celebrate the positive and important role we have of working with very young children and giving them the *lifelong* gift of music.

Our key presenter **Tamara O'Brien** (see bio on VOSA website) will start the day with an all-in session, followed by a workshop for developing teachers and one for more experienced teachers.

Two additional sessions will be offered by presenters Jen Skate, Bronwyn Pierce and Scott Buchanan.

We are also excited to present **Michelle Scully** who is a composer of music and songs for Alison Lester's books. Michelle is passionate about the numerous benefits of combining music composed specifically to picture books to promote a love of reading in young children. In this session Michelle will present music she has composed to some of the literary treasures by Alison Lester which are loved by students and teachers alike.

Now in its 23rd year the **Early Childhood Conference of Performing Arts** is a must! Come along and meet new friends, connect with old friends and have fun! Registration **opens from Monday 24 June** [on the VOSA website](#)
